

About the BMFPD Calendars

- In order to facilitate the task of managing the BMFPD calendar, we have broken the organization's many functions down into 6 calendars.
- Each calendar has a Calendar Manager and a Backup Manager in case they are out of town. These are the only people that can add, delete or change events on that calendar.
- Each Manager has been chosen because they are directly involved in that area and are active participants in scheduling the events on that calendar.
- If you think there is a missing or incorrect event, please contact the relevant Calendar Manager directly, as they will 1) know whether your issue requires correction and 2) have the ability to make the correction.
- The website management team cannot accept calendar changes, as they are not knowledgeable about each area's events.

Calendar	Managers
<i>Board of Directors</i> All official meetings of the Board (open to the public)	Duke Snyder BU- Kate Wilson
